

*It's Playoff
Time
in the
ECHL
Round #2 Action*

- Past Rounds Pages
 - [Round #1](#)

Now that [Round #1](#) is finally over, I would again like to congratulate the [Wheeling Nailers](#) for advancing to Round #2. I know I am a little partial for some teams, but it sounds like about half of them that have made it this far in the playoffs have quite a bit of tarnish on their halos. Remember folks, just because it is so easy to get wrapped up in the excitement of the competition, this is not a good excuse to drop all sportsmanship. This goes for the fans as well as the players. I know frustrations can get the best of people in this time of the season, but not everyone can handle it like I do (sitting on the west coast drinking a Molson while watching CBC's Hockey Night in Canada). But then again the frustration of not being able to go to any games is mounting out here, too. I would like to again congratulate [JF Boutin](#), our adopted player on the [Nailers](#). He started the playoffs a little slow, but he came on strong in the last two games, living up to being the [Nailers' Rookie of the Year](#). In Game #4 he scored the tying goal to send the game into overtime that allowed the Nailers to win. In the fifth and final game he scored 2 goals and was named the game's MVP. A job well done by our adopted "brother". Feel free to drop by the information page we are trying to build for him in between times this page is getting updated.

Scores are updated as soon as the information is available. **Re-load often.**
A special thanks to *Alton Peltier* for helping me keep the scores current.

Thursday Games

S#1 Louisiana IceGators	3-0	S#7 Pee Dee Pride	
S#4 Pensacola Ice Pilots	2-1	S#6 Charlotte Checkers	

Friday Games

N#2 Roanoke Express	1-2	N#8 Hampton Roads Admirals

Monday Game

N#2 Roanoke Express	2-3(OT)	N#8 Hampton Roads Admirals	
---------------------	----------------	----------------------------	--

FINAL SCORES are in bold. Update: Mon 10:08 PM (All times in ET)

You can also get your game updates at one of these sites:

Below is listed the latest playoff information that I have been able to assemble. Clicking on the team logo will take you to their home page (if one is available). Teams that have RealAudio broadcasts of the games have a link for the broadcast with arrows pointing to which team's broadcast it is. These are the links for the audio stream that will launch your RealPlayer automatically if you are configured for it, not just a page telling you about the broadcast. Status of the link will also be shown. If you do not have a copy of the RealAudio player, follow the link on the above left for a free copy of the player. Any missing information or corrections that you find, please fill me in via the Message Panel to the right so that I can get the page corrected. All comments are welcomed, whether good or bad.
